## Memo

The Board of Directors of I-ACT, at the request of the Education Committee, have changed the requirements for entry into training, and have produced new exams for immediate use.

**Please bring proof of the completion of the following prerequisites for the Foundation Level Class (A&P may be completed post class but prior to receiving certification) :**

- High School diploma, GED, or equivalent exam such as the Wonderlich equivalency exam
- completed a post secondary education A&P class(3 semester hours). Any college, Community College or state licensed course will be accepted. Additionally, the Board has approved two additional optional courses- an online A&P Course by Delmar Learning and an A&P course from the New Mexico University of Natural Medicine (Look on the I-ACT website for information)
- a current CPR certificate
- received 1-3 colonics (unless they are medically unable to comply)

**EFFECTIVE IMMEDIATELY-** All students entering training after June 22, 2008 **MUST** comply with the requirements listed above and the Instructor or schools **MUST** follow the requirements in the New Syllabi dated June 17, 2008.
